

Billing Procedures

After you schedule a sleep study, a representative from the Sleep Diagnostic Center will contact your insurance company to determine whether you are covered for the requested study and to request authorization, if needed, for the study.

Insurance companies will generally indicate if the study is approvable, but will not guarantee coverage in advance. They always reserve the right to deny coverage. We make every attempt to clarify your benefits in advance so that there are no surprises.

Your co-payment and any remaining deductible (as specified by your insurance company) are due at the time of your study and can be paid for with cash or personal check. Visa or MasterCard can be accepted in the Neurology Department at Medical Center Clinic during normal business hours of 8:00 am -5:00 pm (Monday-Friday).
